PROFESSIONAL SUMMARY

Computer Science graduate (Magna Cum Laude) with full-stack development experience across React, Next.js, Node.js, Python, and PostgreSQL. Built and deployed production-grade web applications and AI-powered systems, with a strong emphasis on clean, maintainable code, system design, and agile collaboration. Passionate about solving real-world problems through practical, scalable software solutions.

SKILLS

Frontend: JavaScript, TypeScript, React, Next.js, Tailwind CSS, React Hook Form, Zod
Backend: Node.js, Python, Express.js, NestJS, FastAPI, GraphQL, PostgreSQL, MySQL
Data: SQL, Pandas, Power BI, Google Looker Studio
Tools: Git, GitHub, Docker, Supabase, Vercel, DigitalOcean, VS Code, JIRA, Trello, ClickUp

WORK EXPERIENCE

Software Developer Intern Sep 2025 - Nov 2025
Right Apps Incorporated

- Developed the frontend for a multi-branch POS management system using React, Next.js, and Tailwind CSS.
- Built reusable React components and dynamic forms with React Hook Form and Zod to streamline UI development.
- Collaborated in an agile team to integrate frontend interfaces with backend GraphQL APIs and implement role-based access control.

PROJECTS

VisiTrack: Facial Recognition Attendance System Jan 2026 - Apr 2026

- Engineered a dual-backend architecture using Next.js and a Python FastAPI microservice to process real-time biometric data and manage user authentication.
- Implemented sub-second facial recognition using InsightFace and OpenCV against a PostgreSQL database to accurately identify students and eliminate proxy attendance.
- Deployed scalable infrastructure across Vercel and DigitalOcean, utilizing Supabase Cloud Storage to ensure high availability and secure handling of sensitive facial data.

BrgyNexus: Barangay Document Request System Feb 2026 - May 2026

- Built a full-stack barangay document request system using Next.js, PostgreSQL, and Prisma, featuring JWT-authenticated, role-based dashboards and analytics for residents, staff, and admins.
- Automated official certificate processing with real-time tracking, PDF generation, and QR code verification, successfully eliminating manual paperwork.

EDUCATION

Bachelor of Science in Computer Science Aug 2022 - Jun 2026
University of Cebu Main

- Magna Cum Laude
- Consistent Dean's Lister

CERTIFICATIONS

TOPCIT Level 3 Passer Dec 2025
IITP - Korea

Career Service Professional Examination Passer May 2026
Civil Service Commission

Meta Front-End Developer Professional Certificate Oct 2025
Coursera / Meta
